

COLLEGE OF PHARMACY

Dear Alumni & Friends of the College of Pharmacy,

Defining qualities of the SWOSU College of Pharmacy Community are a spirit of service and a spirit of giving. There are countless instances in which our students, faculty, staff, preceptors, and alumni have gone above and beyond to serve others. We are grateful to our alumni who have given their time, talents, and funds toward developing our student pharmacists. Whether serving as a preceptor, mentor, or returning to the College of Pharmacy to speak to our students in classes or student organization meetings, in each encounter our alumni enrich the personal and professional development of our student pharmacists. Also, every financial contribution to the Southwestern Pharmacy Foundation by alumni and friends positively impacts the College of Pharmacy and our students.

Your spirit of giving continues to support the awarding of scholarships. These scholarships are critical to helping our students manage the costs of a pharmacy education and reducing the burden of debt upon entering practice. We are grateful to all of you who support the scholarship program.

In addition to scholarships, your contributions to the Southwestern Pharmacy Foundation directly support the education of our students. For example, our College of Pharmacy faculty are committed to advancing the profession by providing training and certification for students in the areas of immunization administration, point-of-care-testing, and diabetes education and prevention. These certifications equip our graduates with advanced knowledge and practice-ready skills that positively impact patient health and quality of life. Your support of our academic enhancement endeavors helps fund the costs of these certification programs, including equipment, and is a major reason for the success and high regard of our pharmacy graduates.

With this year's Southwestern Pharmacy Annual Giving Campaign, please consider giving a contribution. I know there are many causes asking for your time and funds, so we are sincerely thankful for any support you can provide. Every donation makes a difference, no matter the amount. Also, please feel free to visit and see all the wonderful work going on here in the College of Pharmacy. This is always your home. On behalf of the SWOSU College of Pharmacy students, faculty, and staff, thank you!

With kindest regards,
